DISCUSSION POINT - the INTERNET

Let's talk about an important point in Reading 2: The detectives discover that Lydia is ADDICTED to the internet - apparently, she is obsessed with her smartphone and social media.

This is an addiction which is growing, especially among teenagers. In fact, **in Australia the government is planning to PROHIBIT access to social media for under-16s**. Have a discussion in class about the statements below. Do you agree with them? If so, why do you agree? Or, why do you not agree? Give reasons.

- Your smartphone is important, but you either control it, or it controls you.
- Teachers should confiscate smartphones when their students enter the classroom.
- Smartphones are essential in the classroom.
- Smartphones are a main cause of insomnia and poor sleep.
- Online bullying is getting worse because of smartphones.
- Smartphones are very useful in emergency situations.
- Australia is correct in stopping the use of social media for young people.
